

## HOSTEL REPRESENTATIVE ELECTIONS 2022

NAME OF THE CANDIDATE – **S BALAKRISHNA**

HOSTEL NO – **16**

### SHORT AGENDA

---

*Hostel is an indispensable part of our lives, as we spend at least 20% of our time here. We meet new people, make new friends, experience new things, and gain memories worth a lifetime. it indeed becomes the home away from home. Hostel 16 has some distinct features that sets it apart from the rest - **150+ hostelers**, a large courtyard with **badminton court**, **hostel get-togethers**, and is the **largest hostels at IIM Lucknow**. But it also has its downsides – **Unstable LAN network**, **non-functional water dispensers**, **geysers & bathrooms on some floors**, **insufficient lightings at some places** – largely grouped under factors that affect our **health, work, and comfort**. After talking to former hostel 16 residents and hostel representative, I have come to realize that many of these issues are continuing but improved a lot in some areas such as better LAN connectivity; upcoming wi-fi installations; better beds and mattresses; monthly service of water dispensers. I will strive to **improve on these services by regularly following up, coordinating with the concerned staffs and stakeholders**; organize intra-hostel activities & events. I wish to become Hostel Representative to aid my fellow hostelers in having a better & memorable experience at Hostel 16.*
